**SUPPLEMENTAL ORDER RE:

**SUPPLEMENTAL ORDER RE: PLAINTIFFS' MOTION TO COMPEL PRODUCTION OF  
PLAINTIFF DATA**

**ORDER**

1  
2 1. Facebook's letter response submitted on January 27, 2022, in response to the January 18,  
3 2022, Supplemental Order Re: Facebook's Production of Plaintiff Data and the January 25, 2022  
4 Supplemental Order is nonsensical because (1) it does not identify the 12 systems from the list of 55  
5 systems identified (narrowed from the 149 systems) in the Pope declaration and discussed at the January  
6 14, 2022 hearing or (2) how or why Facebook believes these 12 systems are the only systems that could  
7 be potentially relevant to the Special Master's inquiry.  
8

9 2. Facebook on or before 5 pm PST on February 2 shall submit to the Special Master the  
10 following information.

- 11 • Identify each of the 12 systems in the January 27, 2022 letter.
- 12 • For each of the 12 systems identified, Facebook must submit a paragraph explaining why the  
13 system could be potentially relevant to the Special Master's inquiry and another paragraph with  
14 basic information about the system and the Facebook individual(s) that assisted Counsel in  
15 identifying this system.
- 16 • For each of the 12 systems identified, Facebook is to submit to the Special Master any already  
17 existing high-level training materials/manuals for that system and a summary of other training  
18 and onboarding materials for the system.  
19

20 3. The Order does not contain any language requiring Facebook to produce privileged or non-  
21 responsive email communications, and for the avoidance of doubt, the order was not intended to reflect a  
22 determination as to privilege.  
23

24  
25 IT IS SO ORDERED.

27 January 31st, 2022
